Devil in the Garden

Story key word: fantasy, healing, love, nature,

It was before the ages of the machine, in a land that was not so much different from nowadays when this story happened.

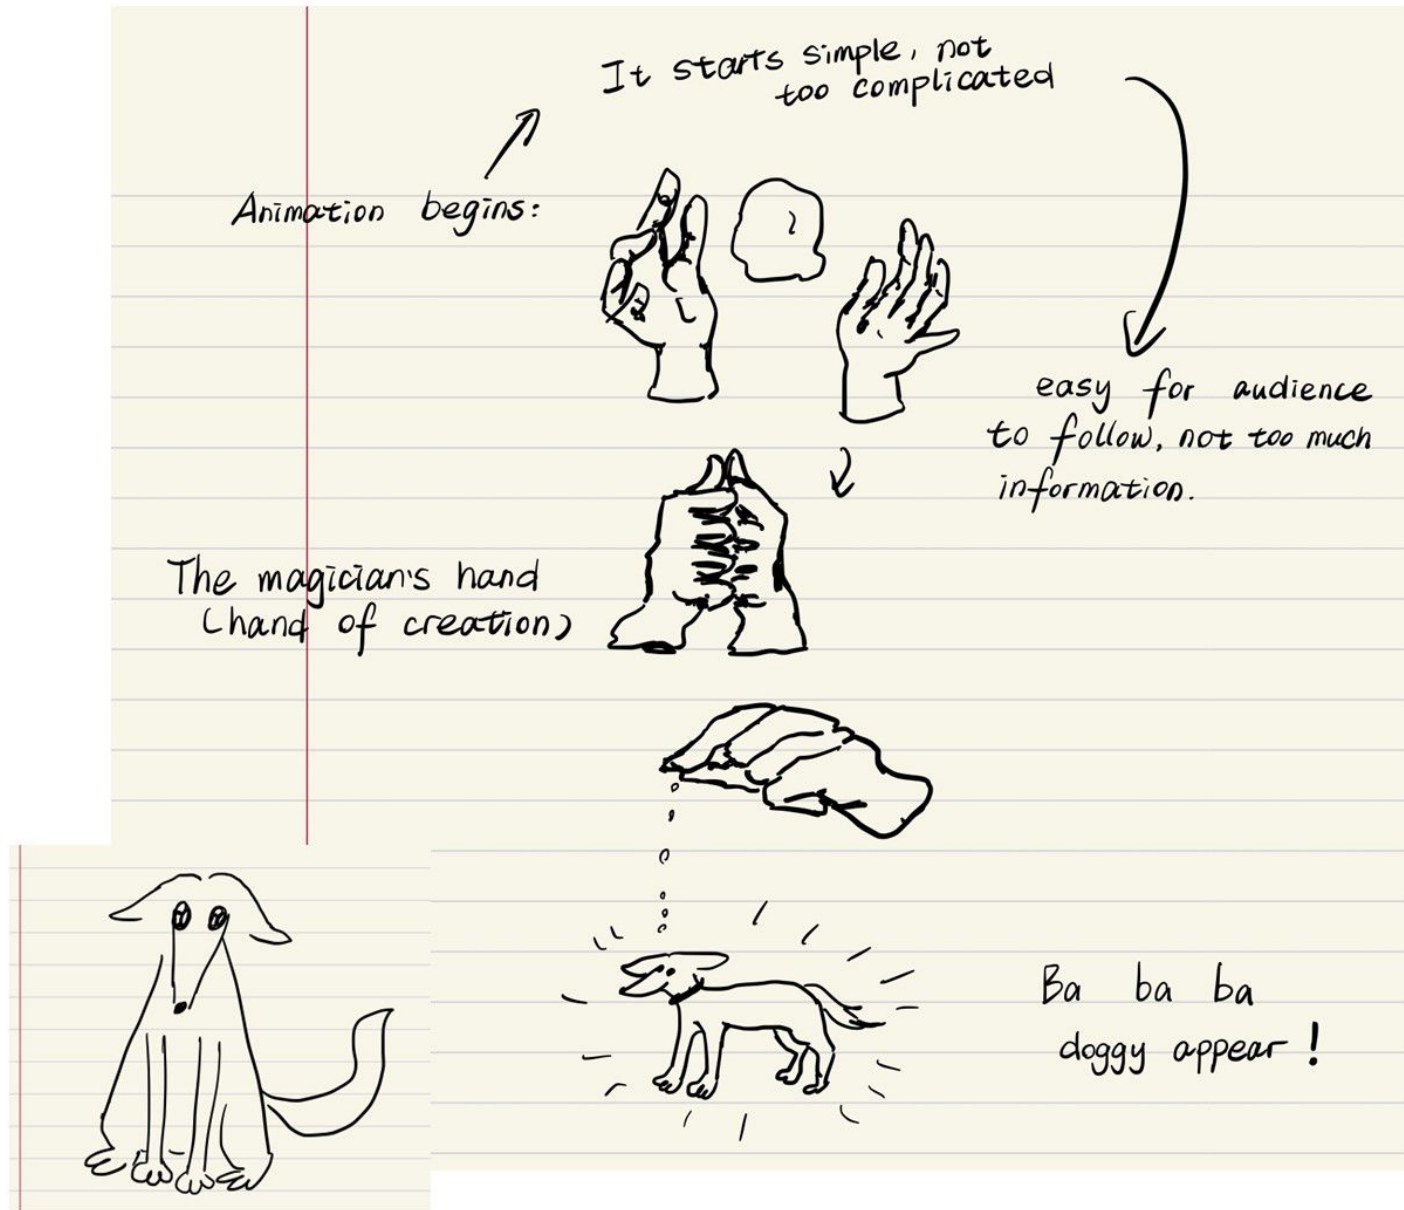

There was this man. He was denied by his father and rejected by his mother. He was so hurt that there was no point in existing anymore. But like everyone, he hides his pain and never tells anyone. He left his hometown to hide from everyone. But he was still troubled by his pain and fear. He stayed alone for so long, wandering in the land of emptiness and loneliness. Until one day, he met the magician.

Is it simply a story of a "boy meets girl"?

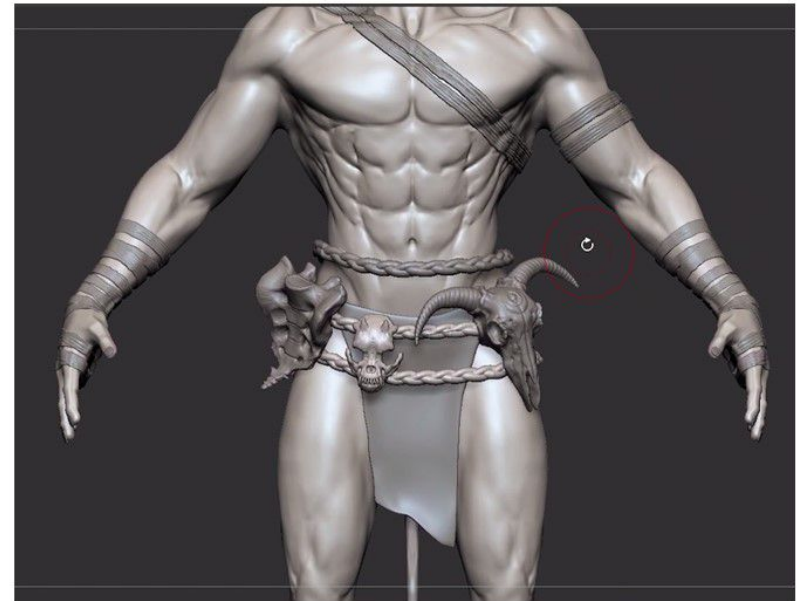

No, the magician it's not even a woman. No one knows what a magician is even. He/she is more like a legend that no one has ever heard.

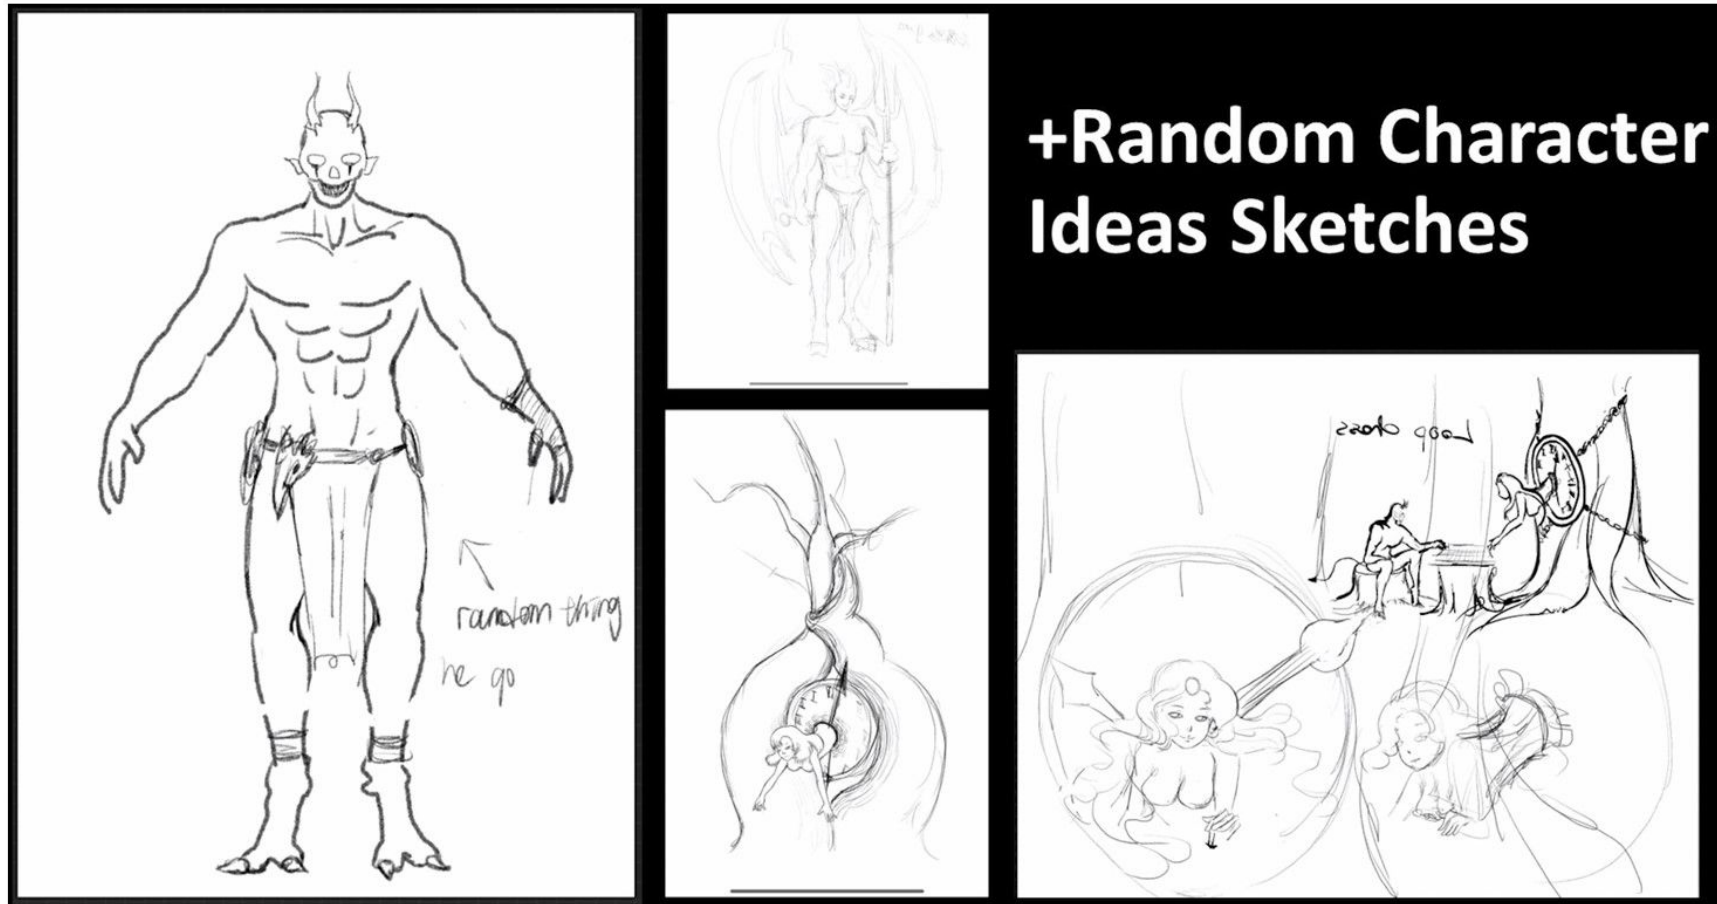

"Oh, poor man." said the magician, "Let me help you. "

So he made a dog. It's not a simple dog. The dog is made with the magician's mana and design. Of course, it's not just a dog.

So the dog jumps inside the man's head, where he sees nothing but a garden without anything. A devil with a mask stays behind with his mask on. He doesn't attack. He's just sitting there and doing nothing.

He likes to be alone. Does he want to stay away from everyone? The devil was not so sure. He's just shutting himself and not used to it anymore.

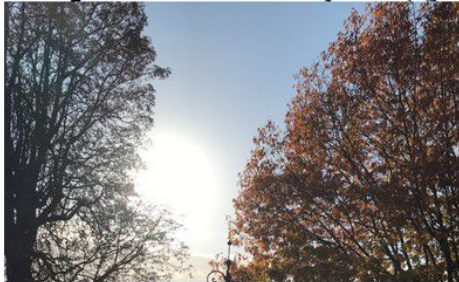

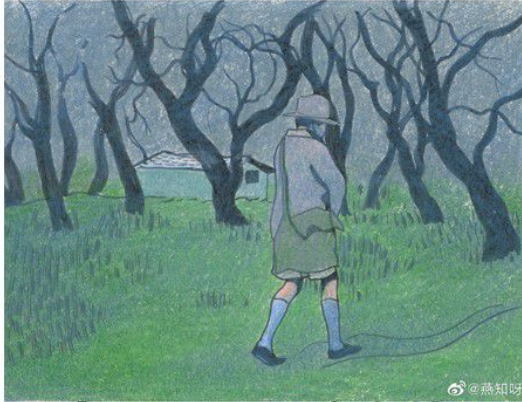

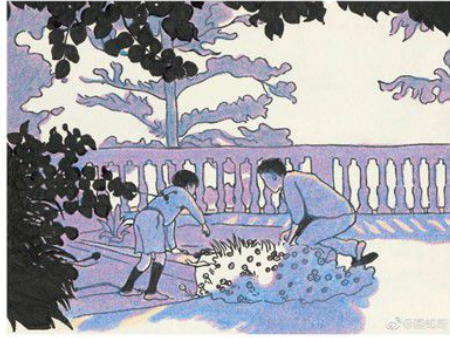

Miracle does  
happen. Even the  
miracle is so small  
that it is nothing  
for the world but  
everything for a  
man.

The dog brought  
spring back to the  
garden of nothing.  
The winter without  
any life now  
becomes the  
spring of all life.  
It's all because of  
the magician,  
maybe a bit  
because of the  
dog.

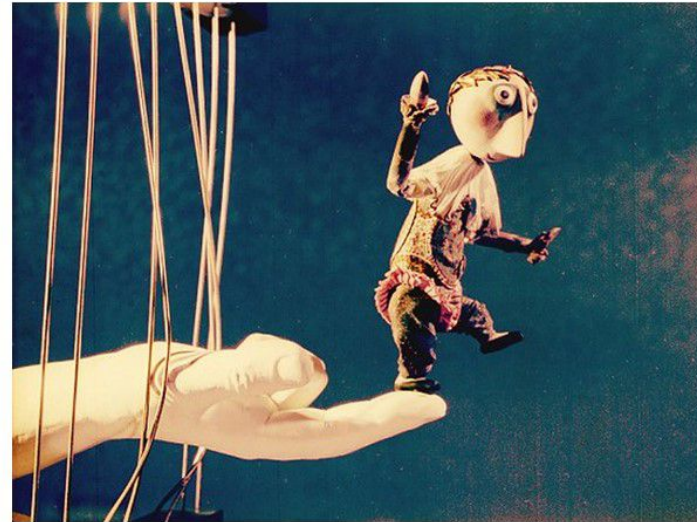

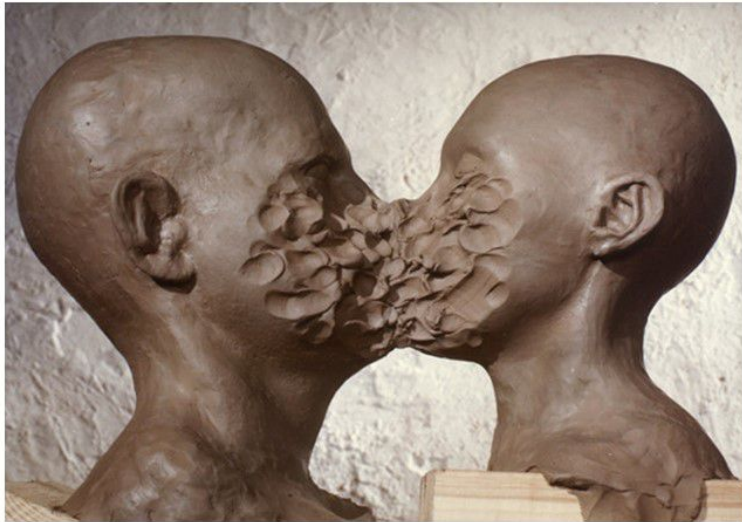

## In one sentence:

So basically, the animation will show the part when the magician creates the dog, and the dog walks into the garden, and the garden turns from winter to spring.
